ABOUT PACKAGING

We have our own designed HDPE bottles with our 'BIO-CHEM' trademark.

Alongwith the quality of products, we also concentrate on packaging of the chemicals. The process of packaging consists of storage, transport and handling for use and to maintain the quality. We have skilled team who are trained for proper packing of the chemicals.

We have our own designed HDPE bottles with our 'RL' trademark. Powder forms items are packed in HDPE(HighDensity Poly Ethylene) bottles which are airtight (to avoid moisture absorbance and further contamination). For eg. Silver Salts which are light sensitive are packed in black colour HDPE to prevent light exposure. Liquid items are packed in amber coloured glass bottles with thermocol cover to avoid breakage. Taking transport issues in picture, all items are packed in seven ply corrugated boxes with good strength. We take all the necessary measures to avoid any damage to the materials.
