

**BIO-CHEM**  
AN ISO 9001:2015  
CERTIFIED CO.

**"CONNECTING ELEMENTS, TRANSFORMING POSSIBILITIES."**

**Our company(Dellmed Scientific) distributed in  
Bangladesh also.**

# Why Us

To cater your needs more professionally we are here with a range of more than 3000 products. Our products include BIO-CHEM Chemicals, Stains, Indicators, Solvents of LR/AR, HPLC, UV grade. BIO-CHEM today become a leading name in the field of Chemicals. We have a team of trained professionals who have the in-depth knowledge of all the process.

- ✔ The fastest growing laboratory products company.
- ✔ We have more than 10 years of experience.
- ✔ Providing our clients with the best possible customer service.

## About Us

With immense pleasure we bring you the 'BIO-CHEM'. With a simple customer interface, we as a team are confident to meet our customer needs with developed techniques from all sectors of scientific industry.

We are committed to apt customer service and focus on 'QUALITY WITHOUT COMPROMISE' with prompt response to an enquiry. Our team has skilled workers who take care of quality of the production during manufacturing process.

Being close to our customers has been helping us to understand their needs and produce the right solution in the shortest amount of time and we also produce customised glassware according to our client's needs.

Basically we follow the best quality procedure and ensure a high quality range of products for our customers at best prices. Last we would thank all our existing customers and distributors in INDIA and abroad for all successful years of business till date and hope to serve you in near future.

# OUR STRATEGY

## OUR PURPOSE

We are committed to continuous efforts in order to grow and forge new alliance with scientific company.

## OUR MISSION

To build long term relationships with our customers & provide exceptional customer services by pursuing business through innovation and advanced technology.

## CORE VALUE

We believe in treating respect and faith. We integrate honest, integrity & business ethics into all aspects of our business functioning.

## OUR VISION

To provide quality services that exceeds the expectations of our esteemed customers.

# OUR SPECIALITY

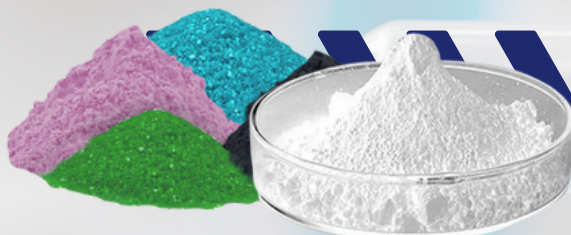

|                            |                                     |                          |                                     |
|----------------------------|-------------------------------------|--------------------------|-------------------------------------|
| ACETIC ACID GLACIAL        | <input checked="" type="checkbox"/> | CHLOROFORM               | <input checked="" type="checkbox"/> |

Chemicals**

**Powder  
Chemicals**

**Filter  
Papers**

# OUR PACKAGING

# QUALITY DESIGNATIONS

## Diagnostic Reagents:

These are specially produced for the use of various hospitals, clinical, & pathological laboratories for diagnostic purpose.

## Indicator powder, solution & paper:

Various types of indicators such as absorption indicator, metal ion indicators, redox indicators of high purity are provided as powder as well as ready to use liquid forms for analytical purpose. Papers indicators are produced using "Whatman" filters papers. pH papers cover both narrow and wide range pH from 1-14.

## AAS (Atomic Absorption Standard) Solution:

These standards solution are used as reference standards for calibration of the instruments in Atomic Absorption Spectroscopic Analysis.

## ICP (Inductively Coupled Plasma)

These standards solution one used as reference standards for calibration of the instrument in Inductively coupled Plasma Analysis

## Tech / Pract:

General, commercial grade for synthesis and routine applications.

## Dried:

Products containing highly reduced water content for anhydrous reactions, synthesis and arsay studies.

## GC:

For Gas Chromatography applications and suited for use in GC instrument.

## SCINTILLATION:

Ideal for scintillation studies
